A site-location map must accompany the permit, showing, in feet, all boundaries, dimensions of proposed building, distance to nearest property line and distance to centerline of nearest public road.

Land or building development may NOT begin until 15 days after a zoning permit has been approved. The Zoning Administrator (ZA) must act on an application within 30 days of receiving it. If the ZA fails to take any action within those 30 days (Art.4.2 [B][4]), the permit will be granted by default.

If a permit is denied by the ZA, you may appeal to the Board of Adjustment at a fee of \$75.00. You must notify the Middlesex Town Clerk or ZA in writing, within 15 days of the date of the denial by the ZA.

The Board of adjustment will schedule a hearing after an appeal has been made. The Board must make a decision on the appeal within 45 days after the hearing and within 90 days of having received the case. Failing this, the relief requested by the appellant will be granted by default.

Applications requiring new driveways or new access to a public road must have an access permit approved by the Middlesex Road Commissioner; or by the Vt. State District Highway Engineer, if access is required to a State road.
