

Middlesex Town Meeting Solutions Committee
Meeting Minutes
May 12, 2014

Present: Susan Clark, Tim Murphy, Dave Shepard, Barb Whitchurch, Greg Whitchurch

1. Minutes of April 14, 2014 Meeting

Greg moved approval of the minutes of the April 14th meeting of the Town Meeting Solutions Committee (TMSC) with a second from Tim. Minutes were approved.

2. Child Care at Town Meeting

Community Connections provided child care for 15 children during Town Meeting. Of these, all but one also had dinner. Several Rumney students helped out with games. The meals for the children generated \$40 for the Middlesex Food Shelf. Community Connections earned \$100 from the event.

3. Meeting Schedule

Susan suggested the TMSC won't need to meet again until November.

4. Remote Town Meeting Participation Protocol

A draft protocol for Remote Town Meeting Participation (RTMP) will be prepared, possibly circulated by email prior to the next TMSC meeting in November. The protocol will be based on recommendations from the Vermont League of Cities and Towns.

5. Middlesex Town Website

The question was posed whether all past minutes of the TMSC and other town commissions and committees are available on the website and whether they should be? Dave will check with the Assistant Town Clerk.

It was noted that the business section of the website appears to be updated as is the listing of town officials

6. Rumney School Facilities Committee

It appears likely that a vote on upgrades and repairs to Rumney School will happen in the fall. Susan will check with the School Board on whether they need help with publicity for the facility project and vote.
